

Client Discovery Questionnaire

Property Management System (PMS)

Prepared For:	Prospective Client
Prepared By:	DreamB Solutions
Date:	March 17, 2026

This questionnaire is designed to capture the essential details of your property operations so that we may tailor the Property Management System to your precise needs. Please complete each section as thoroughly as possible.

This document is confidential and intended solely for the named parties.

1 Property Portfolio Overview

Please provide an overview of the properties that will be managed through the PMS platform.

- **1.1 Total Number of Properties Under Management:**

2 Properties

- **1.2 Number of Rooms / Units per Property:**

(Please specify for each property)

Property 1: 25 rooms / 64 beds

Property 2: 25 rooms / 50 beds

- **1.3 Average Monthly Occupancy Rate (%):**

60%

2 Payment & Transaction Preferences

Understanding your payment workflow helps us configure the optimal gateway integration and transaction handling.

- **2.1 Preferred Payment Gateway(s):**

Please indicate all applicable options.

☒ PayU

☒ Cashfree

☐ Razorpay

☒ Other:

Currently we are not using any payment gateway. We are using online upis for payment transactions.

- **2.2 Estimated Monthly Volume of Online Payments:**

(Approximate number of transactions per month)

Approximately 50 – 100 transactions per month (including small expenses)

- **2.3 Expected Monthly Transaction Value (INR):**

₹2,00,000

3 Third-Party Integrations

Please list any existing software systems or third-party platforms that require integration with the PMS (e.g., accounting software, CRM, channel managers, OTA platforms, etc.).

1. Zoho Invoice

2. Airbnb (OTA Platform)
3. _____

Add additional integrations on a separate sheet if required.

4 Reporting & Analytics Requirements

Please indicate the reports you require by marking the relevant checkboxes. All reports will be exportable to Excel/CSV format.

4.1 Revenue & Financial Reports

- ☒ Monthly Collection Report — Consolidated view of rent, utilities, and penalty collections
- ☒ Ageing Report — Tenants with outstanding balances beyond the defined threshold date
- ☒ Tax / GST-Ready Report — Pre-formatted financial summaries for GST filing & compliance

4.2 Operational & Occupancy Reports

- ☒ Occupancy Velocity — Rate at which vacant units are filled over a given period
- ☒ Daily Turnover Schedule — Daily check-in / check-out overview across all properties
- ☒ Tenant Directory (Active KYC) — Current tenants with verified identification documents

4.3 Utility & Maintenance Analytics

- ☒ Electricity Variance Report — Billed electricity vs. amount recovered from tenants
- ☒ Maintenance Heat Map — Visual map of recurring maintenance issues by unit / floor

4.4 Move-Out / Settlement Summary

- ☒ Security Deposit Ledger — Record of deposits held, deductions applied, and balances
- ☒ Final Refundable Amount — Net refundable amount after adjusting damages and dues

5 Additional Requirements

- 5.1 Are there any specific compliance or regulatory requirements we should be aware of?

No specific compliance or regulatory requirements at this time.

- 5.2 Do you require multi-user role-based access (e.g., Owner, Manager, Accountant)?

- ☒ Yes
- ☐ No

- 5.3 Any additional features or customizations desired?

We can discuss that.
